SUMMARY

UI/UX Designer & UI Developer specializing in **User-Centered Design, Design Systems, and Front-End Interfaces**. Experienced in building responsive web/mobile applications, high-fidelity interactive prototypes, and modular UI layouts using **Figma, HTML5, CSS3, and JavaScript**. Skilled in bridging user research with functional front-end components.

EXPERIENCE

UI/UX Designer Jun 2025 – Dec 2025
Digital Egypt Pioneers Initiative (DEPI) — MCIT Cairo, Egypt

- Conducted user research, wireframing, and interactive prototyping for responsive digital products.
- Collaborated in cross-functional teams to deliver production-ready UI components in Figma and Photoshop.

UI/UX Designer (Intensive Internship) Aug 2025 – Sep 2025
Information Technology Institute (ITI) Smart Village, Egypt

- Executed complete 145-hour UI/UX lifecycle from target persona creation to high-fidelity prototyping.
- Built scalable UI component libraries/design systems in Figma and conducted iterative usability testing.

EDUCATION

Zagazig National University Sep 2022 – Jun 2026
Faculty of Computers and Informatics — B.CS. in Aviation Information Systems (GPA: 3.1 / 4.0)

PROJECTS

TRAVORA — Real-Time Flight & Baggage Tracking Platform — *Figma, UI/UX, Prototyping* [Link](#)

- Designed end-to-end interface for real-time flight tracking and airport baggage navigation systems.
- Developed interactive high-fidelity prototypes and established unified visual style guides in Figma.

KYX Booking Pitch App — *Figma, UI/UX, Prototyping* [Link](#)

- Designed intuitive venue booking flows and modern high-contrast athletic mobile interfaces.
- Implemented responsive front-end code components aligned with interactive wireframes.

PUMA E-Commerce Redesign App — *UI/UX, HTML5, CSS3, Tailwind CSS* [Link](#)

- Redesigned mobile e-commerce checkout and discovery flows using scalable UI component libraries.
- Built responsive front-end layouts following global brand design guidelines.

TECHNICAL SKILLS

UI/UX Design: User Research, Wireframing, High-Fidelity Prototyping, Design Systems, Information Architecture, Usability Testing

Design Tools: Figma, Adobe XD, Adobe Photoshop, Canva

Frontend Knowledge: HTML5, CSS3, JavaScript, CSS, Bootstrap

Methodologies: Design Thinking, Agile/Scrum, Responsive Design, Accessibility (WCAG)

ADDITIONAL INFORMATION

Military Service: Exempted
